- **Egypt Economic Development Conference's Fruits**
- **Overview of Projects**

## Why Invest in Egypt?

- Central Location With Strategic Trade Agreements
- Access to a large consumer base in Egypt and beyond
- Diversified growing economy
- Qualified and competitive labor force
- Improving infrastructure
- Reformist investment climate
- An economy that is resilient to external and internal shocks
- Dynamic business environment more reliant on private investments
- Abundance in natural resources

# Indicators

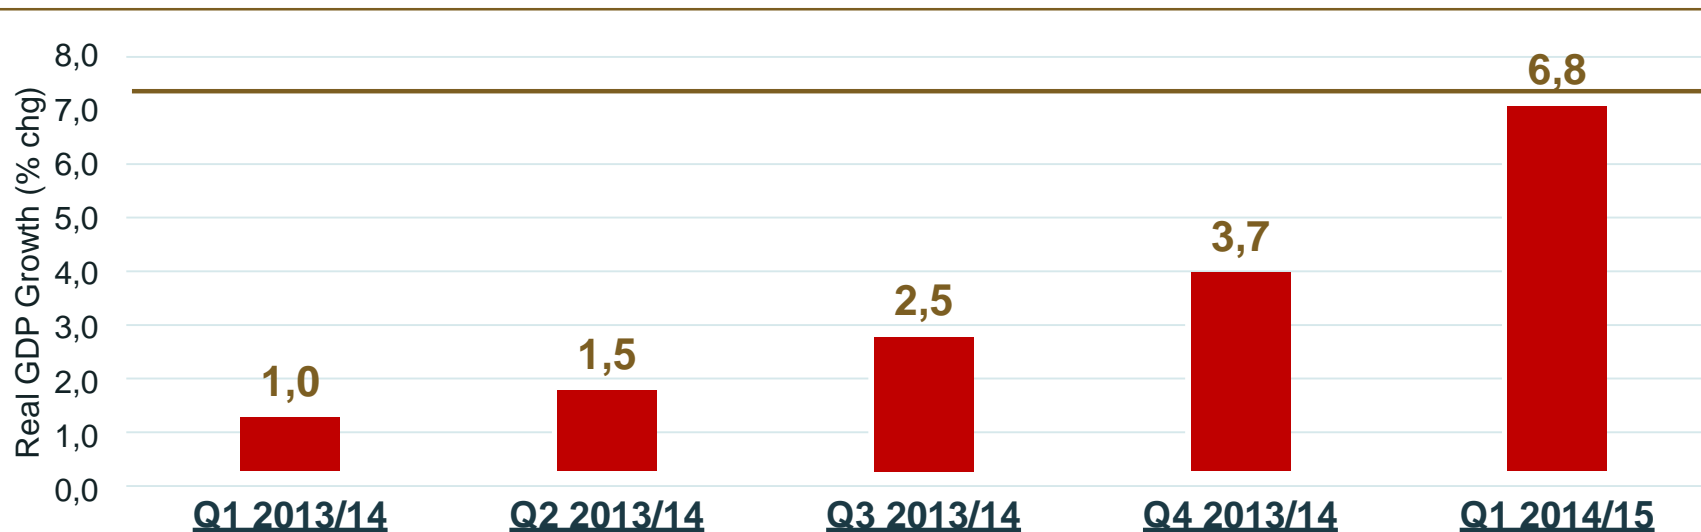

Indicators	2012/2013	2013/2014	2014/2015
<b>GDP</b>	2.1%	2.2%	5.6% (1st Half)
<b>Unemployment</b>	13.4%	13.3%	-
<b>Inflation</b>	11.5%	10.7%	13.11% (May)
<b>Int. Reserves</b>	\$ 14.9 bn	\$ 16.7 bn	19.6 (May)
<b>FDI</b>	\$ 3.8 bn	\$ 4.1 bn	5.7 bn (July14- March15)
<b>Exports</b>	\$ 26.9 bn	\$ 26.1 bn	\$ 16.9 bn (July14- March15)
<b>Imports</b>	\$57.5 bn	\$ 59.8 bn	\$ 46.4 bn (July14- March15)

# Egypt Medium Term Development Strategy

Economic turnaround will need to be sustained through the government's consistent implementation of policies, programs and projects

## QUARTERLY REAL GDP GROWTH PERFORMANCE (Y-O-Y)

## World Bank Report, June 2015

### Global Economic Prospects : The Global Economy In Transition

2012	2013	2014/	2015	2016	2017
2.2%	2.1%	2.2%	4.2	4.5	4.8

“Political, social, and security stabilization in Egypt is expected to lift investor sentiment in the energy, transport (including investment related to the Suez Canal expansion), and tradable goods sectors. As a result, growth is expected to rise to 4.5 percent in 2015–17, on average.”

“In Egypt, the economy benefited from a rebound in tourism, public spending, and a return of confidence, as a result of political stabilization”

## Authorities have set clear medium term macro-economic targets

---

### **GROWTH**

- Sustainable real GDP growth of 6% by FY 2018/19

### **FISCAL CONSOLIDATION**

- Fiscal consolidation to reduce budget deficit to 8-8.5% of GDP and government debt to 80-85% of GDP by 2018/19, in parallel with public financial management reforms

### **INFLATION**

- Reduction of inflation to 6-8% within the Central Bank of Egypt's comfort zone

### **INVESTMENTS**

- Higher rates of domestic and foreign investments

### **EMPLOYMENT**

- Faster pace of job creation in order to bring the unemployment rate below double digits

### **EXPORTS**

- Higher valued-added exports

### **INCLUSIVE GROWTH**

- Development of the country's human capital

**GAFI**

Egypt's economic development strategy aims at restoring fiscal sustainability and promoting investments

**Ministry Of Investment**

## Fiscal consolidation will be achieved through revenue measures and an expansion of the tax base...

### REVENUE MEASURES

#### Income & Capital taxes

- Broadening of the tax base to dividend incomes, capital gains and residents' incomes attained abroad (10%)
- Property tax: limitation of real estate tax exemptions to only one residential unit with a value of less than EGP 2m
- 5% increase of tax rates for corporates and individuals earning more than EGP 1m for a period of three years

#### Consumption taxes

- Higher excises taxes on cigarettes and alcoholic beverages
- Replacement of the GST system with the Value Added Tax (VAT)

#### Tax efficiency

- Simplification of tax regime for Small and Micro-Enterprises
- Settlement and collection of tax arrears and reduction of tax exemptions

#### Industry development

- New telecom licensing fees
- New mining tax regime

## ...and the redirection & reduction of wasteful expenditures towards productive and social priorities

### EXPENDITURES RATIONALIZATION PACKAGE

#### Subsidies

- Phasing out of subsidies on all fuel products (other than LPG for needy households) and electricity to cost recovery levels in 5 years
- Enhancing the efficiency and flexibility of bread and food subsidies distribution schemes

#### Wage bill

- Obligation for all government entities to hire personnel under the regular system
- Suppression of the existing tax exemption on government employees' annual wage increases
- New hiring system and new civil servants' pay system limiting recruitments to a fraction of outgoing personnel and making the basic pay the bulk of civil servants' pay

#### Compensatory measures

- Three-year gradual increase in spending for health, education and R&D as per the new Constitution
- Expansion of the number of beneficiaries of the cash transfer program from 1.5 to 3 million households
- Redistribution of 50% of property tax receipts for localities and slums development

## Business climate reforms constitute the cornerstone of growth policies to make the investment program a reality

### New Investment Law

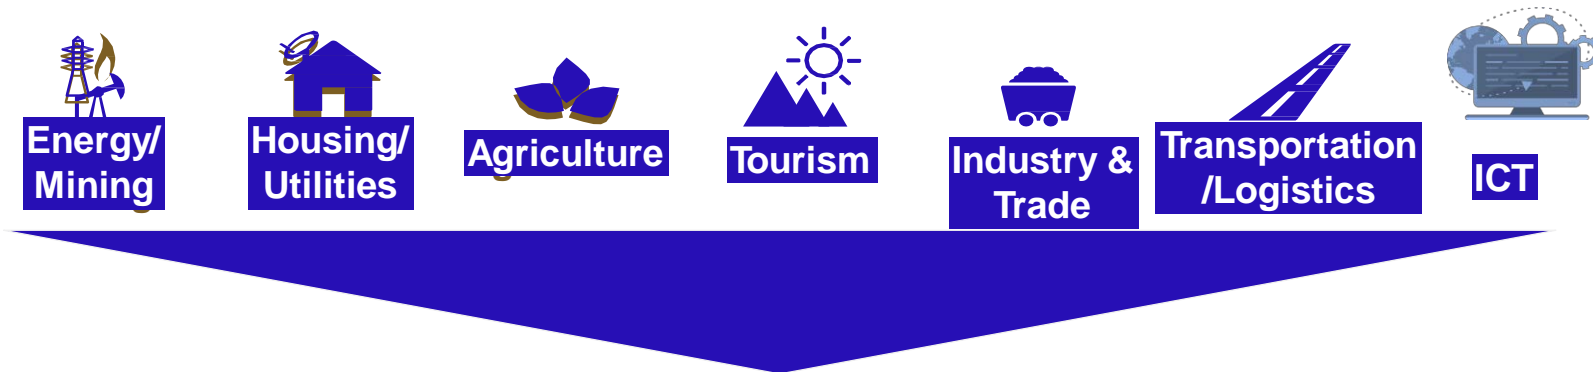

- Obtaining all needed licenses from other governmental entities on behalf of the investors
- Reducing the time needed for issuing investment licenses, procuring land, and obtaining utilities services for investors .
- Sets a legal framework for dispute resolution as well as standard procedures for solving future investor disputes that may arise.

### Legislative &regulatory measures

- Building Infrastructure of electronic registration to reduce time and cost required for company's incorporation
- Building a regulatory management system that reviews and rationalizes business regulations while promoting justice and transparency
- Establishing an inventory of more than 30 business regulations on e-registry to support the decision making process and assess socio economic impact of new regulations
- Introducing Microfinance law to corporations giving access to finance to most needy individuals
- Mapping countless investment opportunities with priority given to labor intensive, export oriented sectors with high competitive advantage.

## The government is promoting an investment program targeting high potential sectors...

The investment program will address Egypt's main structural weaknesses and boost the country's growth potential by stimulating productive sectors

### OBJECTIVES

- Improve the living conditions of the people
- Promote quick job creation through the development and expansion of labor intensive sectors
- Address Egypt's infrastructure/energy gaps
- Encourage more diversified and high value added exports

...and will put a high focus on inclusive growth to improve living standards, develop human capital and sustain public support for reforms

### Better Housing

- Develop low and middle income housing units (1.15 million units over 5 years) to address the large gap in affordable housing
- Introduce housing assistance programs supporting households
- Address the proliferation of slums and improve overall housing quality

### Better infrastructure

- Promote food security through the building of storage facilities that reduce crop wastage & the development of agro-processing facilities
- Reduce electricity outages by increasing the installed capacity, diversifying the energy mix and increasing home connectivity on gas network
- Ease congestions in high-density Egyptian cities

### Better Health & Education

- Better access to health and education
- Higher spending on health and education as per the newly ratified Constitution
- Reduce labor skills mismatches and improve health indicators
- Redistributive compensation mechanisms

### Stronger MSMEs

- MSMEs: 90% of active enterprises in Egypt
- Encourage the development of MSMEs
- Encourage financial inclusion to assist MSMEs in their development

**Ministry Of Investment**

# **Egypt Economic Development Conference's Fruits**

## Contracts & MOUs

Sectors	Contracts ( USD Billion)	MOUs & Preliminary Agreements (USD Billion)
Oil & Gas	12.0	9.0
Energy	16.6	37.5
Real Estate	4.0	34.5
Transportation and Logistics	0.4	6.0
Industrial	0.2	1.0
Petrochemicals	0.0	1.0
Total	33.2	89.0

**Ministry Of Investment**

# OVERVIEW OF PROJECTS

## **Golden Triangle Project:**

The Golden Triangle extends from Safaga Port to Al Kosair on the Red Sea Coast to Qena on the River Nile. The area, which represents 10% of Egypt's total land area, is rich in raw materials needed by heavy industry and supported by an up-to-date road network. Given its size, the government intends to establish new urban communities on this Golden Triangle to accommodate population growth in the southern governorates, thus slowing migration to Cairo

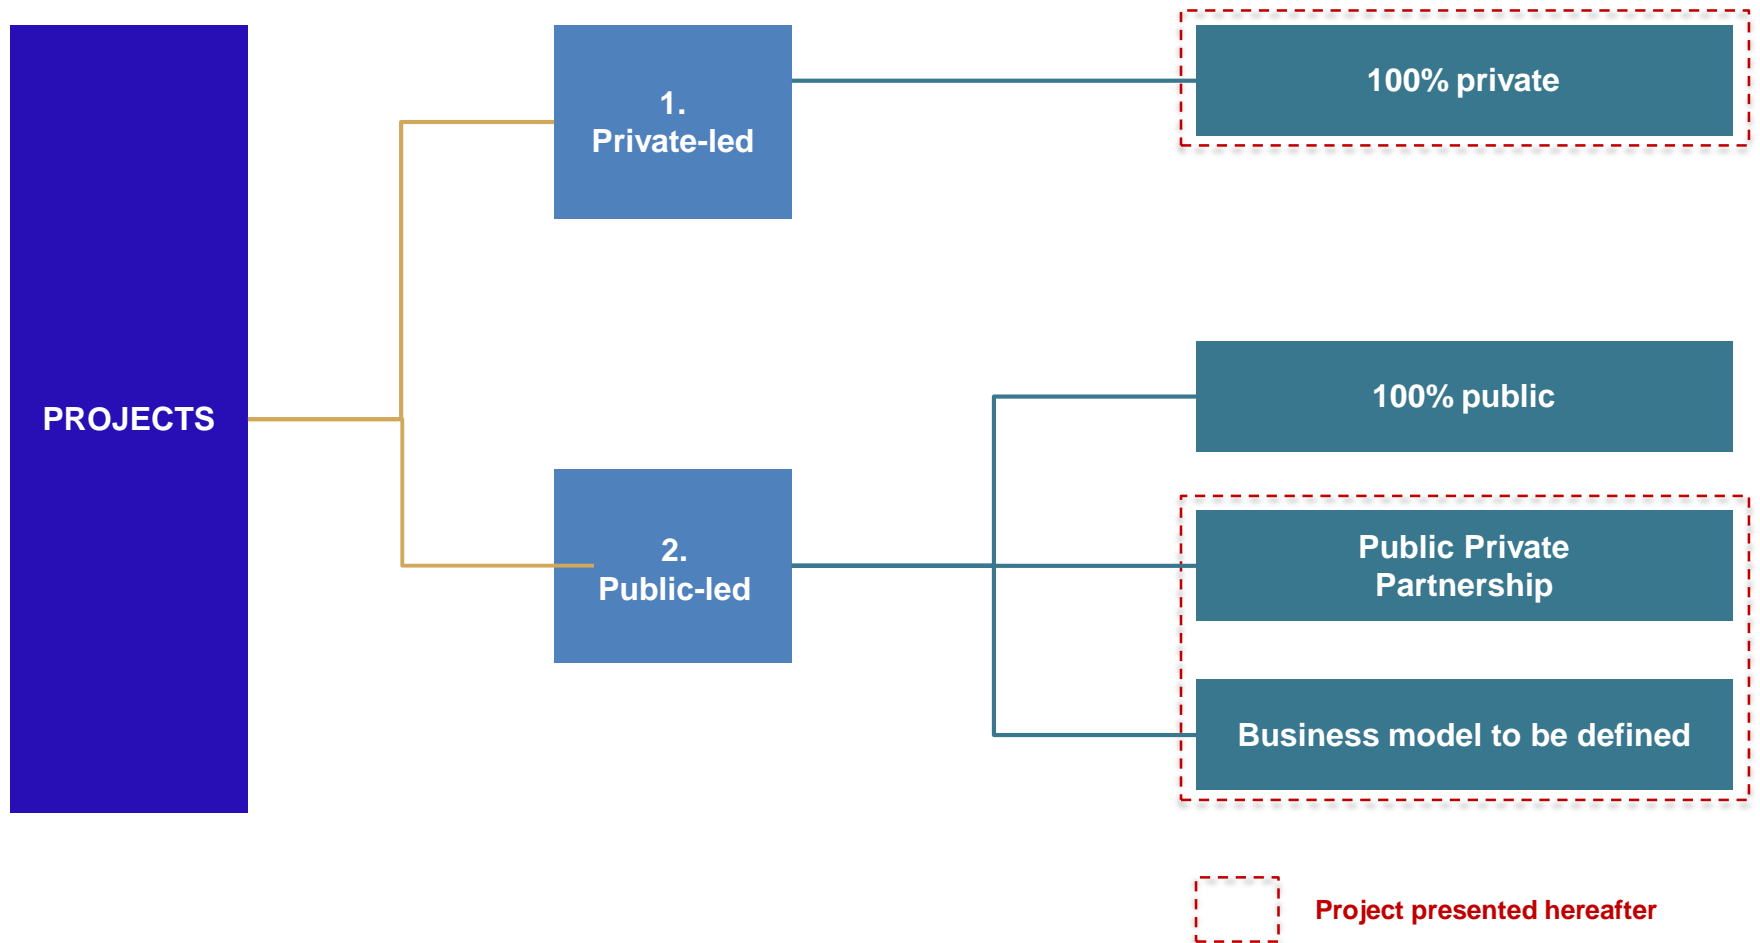

**The Golden Triangle Project will capitalize on the natural resources and mineral wealth in the region while also developing the area for tourism-related industrial ,commercial and agricultural opportunities.**

## **Airport City Project:**

The Airport City would cover an area up to 10 million square meters. The new project will include an Aero City around the airport, comprising a free zone, cargo village and factories for the civil aviation professions, and an investment zone for several activities such as training centers for aviation, hotels and restaurants and amusement park for transit passengers, and solar farm to generate electrical power necessary for the region. The Aero city will cover over 2.8 million square meters at an estimated investment cost of U\$ 124.60 million .

The project is expected to generate 100,000 direct jobs and boost tourism, logistics and transport industries.

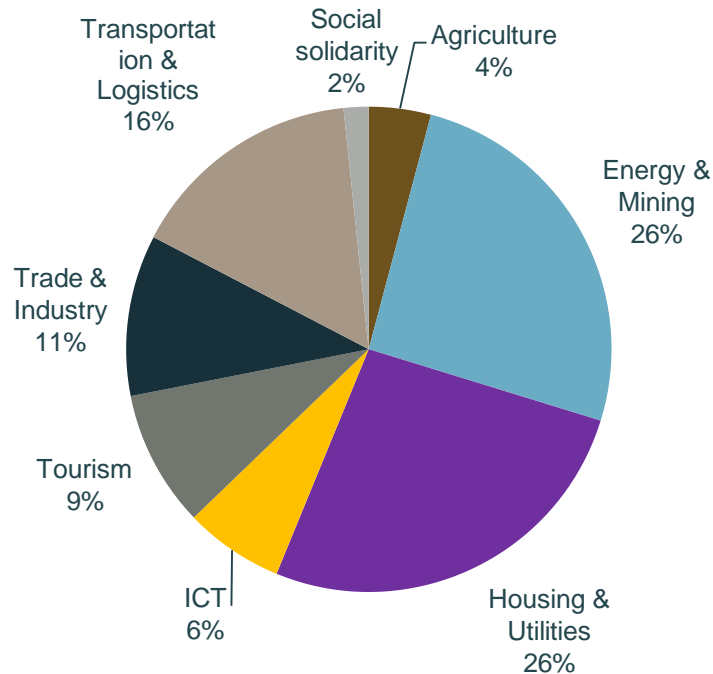

121 projects have been screened...

## ...in eight key sectors

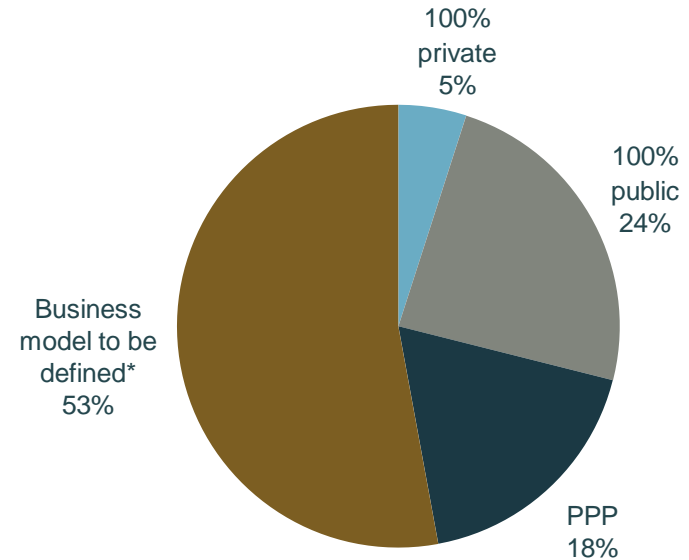

### SCREENED PROJECTS BY SECTOR

By number of projects

### SCREENED PROJECTS BY DEVELOPMENT TYPE

By number of projects

*\*Projects labelled as 'business model to be defined' include 49 public-led projects with potential IB involvement*

- The Ministry of Investment has allocated over 30 projects to 15 investment banks (IB) in order to fast-track project execution.

# Agriculture Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Finance for Rural Egypt Program	Development program to improve access to financial and non-financial services to farmers through the transformation of Principal Bank for Development and Agricultural Credit into a viable commercial bank	Agribusiness	Countrywide	1,2	100% public (IFI-led)
Land Reclamation Program Mega Project	World Bank project to develop irrigation and market access infrastructure for smaller scale farming sector and producers (soft support, infrastructure, cost recovery and environmental and economic sustainability)	Agribusiness	Countrywide	1 500	100% public (IFI-led)
Al Ghurair Sugar Plant	Plant to manufacture sugar production from beets	Agribusiness	Minya	1 000	Concession (in place)
Al Salam Canal And Rosetta Branch National Project	Implementation of sanitation projects in villages with drainage to the Salam Canal and Rosetta Branch	Infrastructure	Al Salam	3 500	100% public (IFI-led)
Agriculture Waste Recycling	Project to collect and recycle agricultural waste	Utilities	Countrywide	420	Business model to be defined (IB currently involved)

# Energy & Mining Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Golden Triangle Mega Project	Development of a mining exploration and industry cluster in the Egyptian Golden Triangle	Mining	Qena / Safaga / Qoseir	n.a.	Business model to be defined
Sabaia Valley / Bentonite	Plant producing Bentonite	Mining	Sabaia Valley	957	Business model to be defined
Sabaia Valley / Calcium Carbonates Project	Plant producing calcium carbonates	Mining	Sabaia Valley	17 000	Business model to be defined
Production of Phosphate Fertilizer and Phosphoric Acid	Phosphate and fertilizer plant	Mining	Abu Tartour	800	Business model to be defined (IB currently involved)
Mining Bid Rounds	Round of licensing for mining exploration	Mining	Countrywide	n.a.	Concession
Atmospheric Distillation Unit	New atmospheric distillation unit as an extension of an existing refinery	Oil & Gas - Downstream	Alexandria	250	Business model to be defined (IB currently involved)
Continuous Catalytic Regenerative Reforming (CCR) & Isomerization Project	New petrochemical unit	Oil & Gas - Downstream	Assiut	240	Business model to be defined (IB currently involved)
Full Conversion Hydro Cracker Complex	Petrochemical complex producing middle distillate of low sulfur content, LPG, Naphta, gas oil and jet oil	Oil & Gas - Downstream	Assiut	2 500	Business model to be defined (IB currently involved)
New Lubrication Oil Complex	Production of lube oils and gas oil	Oil & Gas - Downstream	Suez	430	Business model to be defined (IB currently involved)

# Energy & Mining Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Assiut-Sohag LPG Pipeline	Pipeline connecting refineries	Oil & Gas - Midstream	Assiut Sohag	55	Business model to be defined (IB currently involved)
Sohag Aswan Products Pipeline	Pipeline connecting refineries	Oil & Gas - Midstream	Sohag Aswan	201	Business model to be defined (IB currently involved)
Upstream Bid Rounds	Round of oil and gas licences awards for exploration	Oil & Gas - Upstream	Mediterranean, South Valley, West Desert	n.a.	Concession
West Nile Delta Field (BP/RWE)	Development of a gas field	Oil & Gas - Upstream	West Nile	10 000	Concession (in place)
Bioethanol from Molasses	Plant producing bioethanol from molasses	Petrochemicals	Port Saïd (Motobas Industrial Zone In Kafr Al-Sheikh)	135	Business model to be defined (IB currently involved)
Bioethanol from Rice Straw	Plant producing bio-ethanol from agricultural waste	Petrochemicals	Port Saïd (Motobas Industrial Zone In Kafr Al-Sheikh)	220	Business model to be defined (IB currently involved)
Formaldehyde Project	Plant aiming at producing 20,000 ton Urea formaldehyde in addition to other formaldehyde derivatives	Petrochemicals	n.a.	55	Business model to be defined (IB currently involved)
Propylene and Derivatives Project	Plant producing propylene and derivatives	Petrochemicals	Alexandria	1 500	Business model to be defined (IB currently involved)
Tahrir Petrochemicals Project	Petrochemical plant in need of equity investement	Petrochemicals	Suez	7 000	Private (seeking investment)

# Energy & Mining Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Conventional Gas fired Generation Program	Improve the thermal efficiency and availability of old power plants (rehabilitation of 4 existing power plants and conversion from OCGT to CCGT for 4 others)	Power Generation - Conventional	Countrywide	450	100% public (IFI-led)
750MW El Siouf CCGT	Gas-fired power plant	Power Generation - Conventional	El-Siouf	644	Business model to be defined (IB currently involved)
2000 MW Coal Power Plant (Orascom)	Private coal power plant	Power Generation - Conventional	El Hamarawein Port (Red Sea Coast)	2 500	Private (IPP)
2250 MW Bani Sweif CCGT	Private steam power plant	Power Generation - Conventional	Bani Sueif	1 500	Private (IPP)
250 MW Dariut CCGT	Gas power plant at tendering stage	Power Generation - Conventional	Dariut	2 200	Private (IPP)
3960 MW Coal Power Plant (Al Nowais)	Private coal power plant	Power Generation - Conventional	Oyun Musa (Suez Area)	7 500	Private (IPP)
X MW Coal Power Plant (ACWA/Masdar)	Coal/Gas power plant	Power Generation - Conventional	TBD	n.a.	Private (IPP)
Qena Steam Turbines 1300 MW	Steam power plant	Power Generation - Conventional	Dariut	1 550	Private (IPP) (IB currently involved)

# Energy & Mining Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Energy efficiency fund	World Bank program to establish a revolving fund that is self sustaining and designed on a commercial based financing to create a sustainable EE market	Power Generation - Renewables	Countrywide	500	100% public (IFI-led)
Renewable energy fund	World Bank program to establish innovative financing mechanisms to scale up renewable energy projects	Power Generation - Renewables	Countrywide	1 500	100% public (IFI-led)
(10*20MW) Kom Ombo Solar Power Plant	Solar plant at tendering stage	Power Generation - Renewables	Aswan	400	Private (IPP)
2* 250 MW Gulf of Suez Wind Farm Phase 2	Wind farm project to be tendered	Power Generation - Renewables	Gulf of Suez	400	Private (IPP)
250 MW Gulf of Suez Wind Farm	Wind farm at tendering stage	Power Generation - Renewables	Gulf of Suez	364	Private (IPP)

# Housing & Utilities Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Eastern Cairo Capital City	New administrative city	Real Estate	Cairo	n.a.	100% public
Inclusive Housing Finance Program	Social housing program to increase access to new and existing housing for low income households	Real Estate	Countrywide	1 600	100% public (IFI-led)
Alamein Mega Project	Development of housing units	Real Estate	Alamein	n.a.	Business model to be defined
10th of Ramadan Knowledge Village	Land for sale for real estate development	Real Estate	Sheikh Zayed	n.a.	Business model to be defined (IB currently involved)
6th of October Marabet	Land for sale for real estate development	Real Estate	6th of October	857	Business model to be defined (IB currently involved)
6th of October New CBD	Land for sale for real estate development	Real Estate	6th of October	93	Business model to be defined (IB currently involved)
6th of October Oasis	Land for sale for real estate development	Real Estate	6th of October	n.a.	Business model to be defined (IB currently involved)
6th of October Urban Oasis City	Land for sale for real estate development	Real Estate	6th of October	857	Business model to be defined (IB currently involved)
Outlet City	Land for sale to be developed as a retail area	Real Estate	6th of October	286	Business model to be defined (IB currently involved)

# Housing & Utilities Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Sheikh Zayed Commercial/Office/Tourist Project	Land for sale for touristic development	Real Estate	Sheikh Zayed (Giza)	57	Business model to be defined (IB currently involved)
Zaid central Park	Land for sale to be developed as a housing complex	Real Estate	Sheikh Zayed	571	Business model to be defined (IB currently involved)
10th of Ramadan Regional Services Center	Land for sale for real estate development	Real Estate	10th of Ramadan	699	Business model to be defined (IB to be involved)
Alamin City Marina	Land for sale for leisure/marina development	Real Estate	Alamein	n.a.	Business model to be defined (IB to be involved)
Damietta City, touristic villages	Development of compounds and touristic villages	Real Estate	Damietta	n.a.	Business model to be defined (IB to be involved)
Mina New City	Land for sale for touristic development	Real Estate	Mina	n.a.	Business model to be defined (IB to be involved)
Muqattam Housing Complex	Land for sale for housing development	Real Estate	Cairo	n.a.	Business model to be defined (IB to be involved)
New Cairo City (South Cairo)	Land for sale to be developed as a regional services center	Real Estate	New Cairo City	839	Business model to be defined (IB to be involved)
Regional Services Center in 10th of Ramadan	Land for sale to develop a regional services center	Real Estate	10th of Ramadan	n.a.	Business model to be defined (IB to be involved)

# Housing & Utilities Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Zaid Crystal Spark	Land for sale to be developed as a housing complex	Real Estate	Sheikh Zayed	1 119	Business model to be defined (IB to be involved)
Ziad City Money And Business Park	Land for sale to be developed as a business park	Real Estate	Sheikh Zayed	1 429	Business model to be defined (IB to be involved)
Ismailia Project	Revamp of old residential buildings in Old Town Cairo	Real Estate	Cairo	n.a.	Private
Municipal Solid Waste Management Project	World Bank program to improve access to municipal solid waste services (collection, disposal and valorisation) by leveraging on local entrepreneurship and SMES	Utilities	Countrywide	200	100% public (IFI-led)
Al-Bakarsha Water Treatment Plant with Water Networks	Water treatment plant	Utilities	Sharkeya Governorate	27	100% public
El Tanqia Algharbeya WWTP Upgrade	Upgrade of a water treatment plant	Utilities	Alexandria	56	100% public
Hurghada Desalination Plant	Desalination plant	Utilities	Hurghada	209	100% public

# Housing & Utilities Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
National Rural Sanitation systems	Implement sanitation projects in rural areas	Utilities	Countrywide	2.8	100% public
New Alamein City Desalination Plant	Desalination plant	Utilities	North Coast	168	100% public
Safaga Desalination Plant	Construction of a new desalination plant	Utilities	Red Sea	28	100% public
Sharm El Sheikh Desalination Plant	Construction of a new desalination plant	Utilities	Sharm El Sheikh	14	100% public
Helwan Wastewater Plant	Wastewater treatment plant	Utilities	Helwan	n.a.	Business model to be defined
North Sinai Sewage Water Plant	Sewage water plant	Utilities	North Sinai	14 000	Business model to be defined
Abu Rawash Wastewater Treatment Plant	Wastewater treatment plant at tendering stage	Utilities	Abu Rawash	650	PPP

# Information & Communication Technologies Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Flat6labs	Start-up incubator developed by Sawiris	SMEs	Cairo	n.a.	Private
National Broadband Network	Developing countrywide cutting-edge telecom infrastructure	Telecom	Countrywide	6 294	Business model to be defined
Smart Grids	Installation of smart meters in households	Telecom	Countrywide	n.a.	Business model to be defined
Commercial Registry Automatization	Improvement of commercial registry procedures by automatizing processes	Telecom	Countrywide	100	PPP
Expansion of Local Production Capacity Development for Tablets & Smart Phones Products	Local manufacturing chains for tablets and smart phones to supply local market	Telecom	TBD	2 750	PPP
Maadi Contact Center Park	Technological park	Telecom	Cairo	420	PPP
Rollout and Automation of the Notarization Offices	Automation of the Notarization Offices	Telecom	Countrywide	90	PPP
Technology Parks in Governorates	Technology parks	Telecom	Countrywide	2 797	PPP

# Tourism Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
6th of October Touristic City	Land for sale for real estate development	Tourism	6th of October	1 143	Business model to be defined (IB currently involved)
Cosmopolitan Hotel	Revamp of an existing hotel	Tourism	Cairo	10	Business model to be defined (IB currently involved)
Gamsha Tourist Center – Red sea	Land for sale for touristic development	Tourism	North Ghardaka/ Red Sea	1 184	Business model to be defined (IB currently involved)
Magawish Hurghada Misr Travel	Land for sale to develop a high-end touristic complex	Tourism	Magawish-Hurghada	60	Business model to be defined (IB currently involved)
Marsa Wazar Tourist Center - Red sea	Land for sale for touristic development	Tourism	Marsa Alam / Red Sea	93	Business model to be defined (IB currently involved)
Ras El Hekma Ras Hewala Tourist Center	Land for sale for touristic development	Tourism	Northwestern Coast	170	Business model to be defined (IB currently involved)

# Tourism Projects (cont'd)

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Sharm El Foukary Tourist Center – Red Sea	Land for sale for touristic development	Tourism	Red Sea	170	Business model to be defined (IB currently involved)
South Magawish Tourist Center – Red sea	Land for sale for touristic development	Tourism	Ghadaka/ Safaga / Red Sea	278	Business model to be defined (IB currently involved)
New Aswan City Regional Touristic Center	Land for sale for touristic projects	Tourism	Aswan	314	Business model to be defined (IB to be involved)
Papyrus Fund	Private Equity Fund investing in revamping touristic assets	Tourism	Countrywide	1 500	Private (seeking investment)
Port Gharib Project Al Kharafi	Private touristic project in development	Tourism	Port Gharib	n.a.	Private (seeking investment)

# Trade & Industry Projects

PROJECT	DESCRIPTION	SUB-SECTOR	LOCATION	CAPEX (US\$M)	DEVELOPMENT MODE
Misr Reinsurance Company	Creation of a reinsurance company	Financial Services	Cairo	450	Business model to be defined (IB currently involved)
Misr Leasing	Creation of a leasing company	Financial Services	Cairo	70	Business model to be defined (IB to be involved)
Misr Takaful	Creation of an Islamic insurance company offering Shariah-compliant products (Takaful)	Financial Services	Cairo	70	Business model to be defined (IB to be involved)
Healthcare Quality Improvement Project	World Bank project to improve healthcare facilities, family health care units and centers particularly in rural areas	Healthcare	Countrywide	480	100% public (IFI-led)
